

Senior Project Time Verification

Keep track of your hours as you progress. This sheet is primarily for your mentor and does not count as your actual log. You should meet with your mentor weekly, but you are required to meet with your mentor at least twice before the project is over.

Date	Number of Hours	Mentor Contact	Description of Project Activity	
8/4/18	4	JB	Planets Pics	
8/11/18	3	↓	Star Field for Asteroid Practice	
8/15/18	3		Tracking Asteroid Practice	
8/16/18	2		Analyzing data	
9/15	3		Tracking Asteroid 80 Sappho	
9/18	2		Analyzing 80 Sappho data	
10/20	3		Registax - Moon Pic's	
13/2	3		↓	M-42 Orion Nebula Pic's
Total Hours:	23			

As a mentor, I can reasonably assure the Senior Project Board that a minimum of ten hours has been spent by the student on the project.

Meeting 2

Date: 8/15/19

What was accomplished during the meeting? We tracked an asteroid, and that is another practice session. We took pictures of the asteroid passing by the star and blocking its light.
