

PERSONAL PROSPECTUS

BY CHANDLER TEARNEY

THIS summer:

I will be graduating and will probably be camping a lot, my birthday is in July so we will be celebrating that. And I will be working a lot probably, and I will also be getting ready for college over at WNC, and get my basic EMT.

In 5 years:

I will be a firefighter and work in Carson or Reno, or just anywhere in Nevada. I will hopefully have my own place at that time and will probably camp a ton in the summer (if there is no fires), and go hunting in the fall.

In 10 years:

Hopefully be in higher ranks of firefighting and live in a nice place I'll be 29 by then and do the same stuff as always.
